Practice

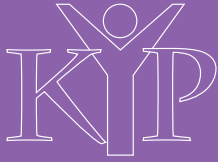

KYP staff will provide information relating to courses for publication in prospectus and electronically. Such information should outline the requirements of the course, the possible entry requirements, progression routes and the possible careers that a successful applicant could pursue.

Attendance at Open Days is encouraged to give possible recruits' a flavour of the type of work undertaken and where possible an example of the method of assessment used. A period of time of induction will be given to learners undertaking new courses but it is envisaged that withdrawals will be at a minimum with robust information, advice and guidance processes. KYP staff will speak to

learners personally who they feel may struggle to engage with the course materials and or the assessment procedures. KYP staff should always look to tailoring the methods of assessment to suit the individual needs of learners in order to make courses accessible.

The examination administration officer shall ensure that a robust system of registration is in place to ensure that all learners are registered on courses in line with the awarding body examination board's requirements and within the deadline. Such a system should take account of checking details of learners, the type of course they have been registered onto and the need to cross check all details with Course Leaders. Learners shall be required to provide proof of identification within one week of course start date. Assessors must ensure that they are satisfied of learner's identity at each assessment point. KYP staff will ensure that all learners registered and inducted on to courses will be familiar with KYP policies relating to malpractice, appeals and internal verification and assessment along with the policy on reasonable adjustment and special consideration.
